Dr. Jane Henny
Commissioner of FDA
Food and Drug Administration
5600 Fishers Lane
Rockville, MD 20857

Dear Dr. Henny:

I am writing to you regarding the complaint filed by the National Milk Producers Federation to stop beverages made from soybeans to be called soy milk.

The dairy industry must not be permitted to maintain its monopoly on the word "milk". Instead, milk from cows should be labeled "cows milk".

Thank you.

Very truly yours,

Pauline D'Esposito
